

In an effort to provide continual support to high school students passionate to study medicine, the Office of Student Outreach and Educational Development are pleased to offer the winter session of the Qatar Medical Explorer Program, which will take place **16 February - 20 February, 2025, from 2:00 pm - 5:00 pm.**

The intention of the program is to offer a sampler of lectures and sessions taught to students at WCM-Q. It targets a group of stellar Qatari high school students to offer an opportunity to explore medicine. The students, with a keen interest to study medicine, should be nominated by their schools, based on their academic achievements during their high school years, mainly in the sciences and math.

Please share the application link with a maximum of 5 (preferably) Qatari students from your school based on the following criteria. Students should:

1- Have a very good academic standing in English, Math, Biology, and Chemistry in their previous and current academic years

2- Have the interest to pursue or explore medicine as a career

3- Be in their high school years (grades 9, 10, 11 or 12) Please share the application link with the nominated students: Qatar Medical Explorer Program@Weill Cornell Medicine Qatar

Once the students have filled in the application and added your email to the application. We will then send you an email to attach the nomination form to the application. The applications should be completed by Tuesday, January 7, 2025.

Please make sure that the students add the correct teacher/counselor email address, as emails are sent automatically through the system. Applications with incorrect email address/incorrect teacher's information and missing documents will not be considered. It is the responsibility of the student to make sure that they input the correct information.

Best wishes,

Office of Student Outreach & Educational Development
